

WALKAROO TANZANIA LIMITED

Department-Wise Production Overview

Walkaroo Tanzania Ltd manufactures PU open footwear (sandals and slippers) using a semi-automatic PU pouring system. The production process is organized department-wise to ensure operational efficiency, consistent quality control, and a smooth workflow from raw material receipt to final product dispatch.

About Walkaroo

Walkaroo is an international footwear manufacturer and one of the largest PU footwear manufacturers in India. The company has established a strong presence in multiple countries, including Bangladesh, where it operates successfully with large-scale production facilities.

Continuing its global expansion strategy, Walkaroo commenced production operations in Tanzania one year ago under Walkaroo Tanzania Ltd. The Tanzanian unit is designed to meet high-quality manufacturing standards while contributing to the local economy.

Walkaroo is known for being an employee-centric organization, focusing on workforce development, skill enhancement, and long-term career growth. The company believes in creating sustainable employment opportunities and empowering local communities.

Currently, Walkaroo Tanzania Ltd employs 140 permanent staff members. With ongoing expansion plans and increased production capacity, the company aims to generate employment for more than 500 employees within the next year.

Through structured department-wise operations, advanced PU technology, and strong workforce commitment, Walkaroo Tanzania Ltd is steadily establishing itself as a key footwear manufacturing hub in East Africa.
